

Coastal Creations Video Package Guide

Hello, we are Austin and Mary, a couple team based out of St. Augustine, FL who take tremendous pride in their work and love the beach life. We are videographers who are very good at being completely unintrusive to the guests at the events we cover and always work well with our other vendors! We always say we arrive at your wedding as hired vendors, but leave as guests. Below is a rundown of what we have to offer for your wedding day. Each package includes a two person multiple HD camera shoot and wireless mics (on the groom and officiant) to capture crystal clear audio. We will also capture some truly amazing aerial footage (weather and venue permitting) with our drone! Your dvd and or blu ray videos are fully chaptered and include a highlighted version (which is also posted online) and is set to the music of your choice, as well as a full version of your day which covers each specific event in its entirety. Each disk comes with its own uniquely personalized case and disk label. We want your videos to last so that you, your family and your friends can relive your amazing wedding day. We only book a limited number of weddings to focus on the quality of our videos. We would love to meet with you in person or speak with you by phone to discuss the details of your wedding day!
