

Coastal Creations Video Package Guide

Hello, my name is Austin, a wedding videographer based out of St. Augustine, Fl. I will provide you with a one of a kind audio visual experience with multiple HD cameras and audio equipment. I will also capture some amazing aerial footage with our drone at no extra charge. Your wedding video will be cherished for a lifetime and allow you to relive your amazing day over and over with family and friends and those who could not be in attendance. Your day that you've worked so hard on planning will fly by in an instant but we will be right there to capture it all. We strive for your happy tears but love a good laugh or two as well.

Simply Ceremony \$600

This package covers just the ceremony and is not available on major dates. It is perfect for elopements and small beach weddings.

Ceremony and Reception \$2,200

This package covers just the ceremony and reception. You will receive both a highlighted version and a full version of your day. Coverage typically starts about an hour before the ceremony and we stay until the exit.

Full Day \$2,500

This package covers the entire day and starts when the bride begins to get ready and we stay until the exit. We film every single event of your wedding day from both the bride and groom getting ready, first looks which we love, card readings, the ceremony, all the reception events with plenty of hilarious dancing footage and your grand exit.
